

Special Feature!

# Meet Pentagon Plumbing's jetter package!

**Our jetter package includes a van, a jetter (both shown below) and a handsome, highly qualified plumber (not shown).**

**Pentagon Plumbing van to pull jetter to your job site! A truly sweet ride!**

**Hard to believe, we know, but this jetter is a beast that puts out 4000 psi @ 14 GPM! If this doesn't clear your mainline blockage, your pipes probably require surgery!**

**300 gallon water reservoir! More than enough for most jobs!**

**Hydraulic hose reel. Cool, huh?**

**Round tires for smooth travelling!**

**Tree is not a part of jetter package. (Important to know.)**

**Traffic safety cones so everyone will know serious work is underway!**

Folks, did you know that many strange and uncomfortable things could be lurking in your main sewer line?

It's true! Grease, dirt, tree roots, ectoplasm and even '70s disco music are all potential sources of blockages, any one of which could mean BIG problems for you in the future.

Don't delay! Call us today for a free price quote to clear those blockages, and be sure to ask how we can set you up on a regular maintenance schedule for your home, business, underground bunker or secret undisclosed facility.

## Limited time offer!

(702) 876-5969

# \$25 OFF

**Hydrojetting!**
